## cev za vodo, mehka PVC cev Ø 31.5x25, rola 25 m

Kategorija: [Water hoses](#)

Šifra: **175617RIE**

### Kratek opis

Water hose, Soft PVC, Polyester fibre insert, Temperature max. 60 °C, Hose Ø 31.5x25, PN at 23 °C max. 8 bar, Roll of 25 m

Multilayer soft PVC water hose with knitted polyester reinforcement.

This multilayer hose with knitted fabric reinforcement and „Non Torsion Technology“ is extremely flexible and easy to use.

### Tehnične Specifikacije

|                                        |                                                          |
|----------------------------------------|----------------------------------------------------------|
| Min. temperaturno območje [°C]         | -15                                                      |
| Aplikacije                             | Horticulture, agriculture, civil engineering, industrial |
| Barva                                  | Yellow                                                   |
| Debelina stene [mm]                    | 3.05                                                     |
| Max. obratovalni tlak pri 23 ° C [bar] | 8                                                        |
| Razpočni tlak [bar]                    | 20                                                       |
| Dolžina koluta [m]                     | 25                                                       |
| I.D. cevi [mm]                         | 25                                                       |
| O.D. cevi [mm]                         | 31.5                                                     |
| Max. temperaturno območje [°C]         | 60                                                       |
| Min. polmer upogibanja [mm]            | 230                                                      |
