## **Filter »FUTURA-mali« PC zbiralnik, Velikost 0, G 1/4, Pol avtom.**

Kategorija: [Filter with polycarbonate bowl](#)  
Šifra: **142438RIE**

### **Kratek opis**

Filter »FUTURA-mini« with PC container, 5 µm, Size 0, G 1/4, Input pressure 1.5 - 12 bar, Temp. -10 °C to 50 °C, Semi-automatic  
Filters with excellent flow rates in modern design.

### **Tehnične Specifikacije**

|                                |                                                       |
|--------------------------------|-------------------------------------------------------|
| Min. temperaturno območje [°C] | -10                                                   |
| Element filtra                 | Cellpor (PE)                                          |
| Merjenje pretoka               | At $P_z = 6$ bar and pressure drop $\Delta_p = 1$ bar |
| Navoj                          | G 1/4                                                 |
| Odtok kondenzata               | Semi-automatic                                        |
| Ohišje                         | PA66 GF60                                             |
| Posoda                         | Polycarbonate container                               |
| Priključni navoj               | Plastic                                               |
| Serijska                       | FUTURA-mini                                           |
| Srednje                        | Compressed air, neutral gases                         |
| Tesnilo                        | NBR                                                   |
| Min. vhodni tlak [bar]         | 1.5                                                   |
| Rang filtra [µm]               | 5                                                     |
| Max. vhodni tlak [bar]         | 12                                                    |
| C [mm]                         | 27.0                                                  |
| A [mm]                         | 43.0                                                  |
| Max. temperaturno območje [°C] | 50                                                    |
| B [mm]                         | 132.0                                                 |
| Pretok [l/min]                 | 1000                                                  |
