Izpih. pišt. z nadzorom tlaka, POM, ter regul. Tlaka

Kategorija: [Blow guns with pressure regulator, plastic](#)

Šifra: **114412RIE**

Kratek opis

Air gun, Pressure control, POM, with pressure regulator, 90 mm pipe, Temp. -20°C to 60°C PN max. 8 bar, for couplings I.D. 7.2-7.8

Pressure regulating safety version.

Ergonomic grip with a very high blowing force. Several possible hanging points thanks to the modified handle. Robust yet lightweight for a long service life. With its ergonomic design, the gun can be used by both left and right-handed users! The integrated tube regulator reduces the output pressure to a safe value in the event of blockage inside the tube or in case of back pressure (e.g. if the gun is placed on a surface or on the operator's skin).

Tehnične Specifikacije

Min. temperaturno območje [°C]	-20
Cev	Nickel-plated brass
Material	POM
Priključni navoj	Rc 1/4
Vrsta povezave	Push-in plug for DN 7.2 - 7.8 couplings
Max. obratovalni tlak [bar]	8
Max. temperaturno območje [°C]	60
