## Manometer »lineonline«, za cev - za cev, za za cev Ø 6 mm

Kategorija: [Pressure gauge, pipe - pipe](#)

Šifra: **106754RIE**

### Kratek opis

Pressure gauge »lineonline«, Hose - hose, for hose Ø 6 mm,  
Operating pressure max. 12 bar, Scale range 0 - 12 bar  
Though small in size, these pressure gauges ensure  
accurate reading.

### Tehnične Specifikacije

|                                |                                                            |
|--------------------------------|------------------------------------------------------------|
| Min. temperaturno območje [°C] | -20                                                        |
| Lestvica                       | 0 to 12 bar                                                |
| Natančnost                     | +/- 4 % of full-scale value                                |
| Notranji deli                  | Nickel-plated brass, brass, technopolymer, stainless steel |
| Pnevmatski simboli             | On housing                                                 |
| Telo                           | Technopolymer                                              |
| Tesnilo                        | NBR                                                        |
| Za cevi Ø [mm]                 | 6                                                          |
| Max. obratovalni tlak [bar]    | 12                                                         |
| Merilno območje max. bar       | 12                                                         |
| I [mm]                         | 14.6                                                       |
| B [mm]                         | 35.0                                                       |
| A [mm]                         | 49.0                                                       |
| Max. temperaturno območje [°C] | 60                                                         |
