## Ravni protipovratni ventil Blue serija, Vtični prik., cev Ø6

Kategorija: [Straight non-return valves with plug connection](#)

Šifra: **151363RIE**

### Kratek opis

Straight check valve »Blue Series«, Plug connector, for hose exterior Ø 6 mm, pmax 10 bar

The non-return function of these push-in fittings prevents the air from flowing back, the unidirectional design means air flow is only possible in one direction.

These valves are available with air flow from the port to the tube or from the tube to the port.

### Tehnične Specifikacije

|                                |                                                   |
|--------------------------------|---------------------------------------------------|
