## Standardni manometer, priklp zadaj, G 1/4, 0 - 4 bar/58 psi

Kategorija: [Standard pressure gauge, conn. on rear, central](#)  
Šifra: **101223RIE**

### Kratek opis

Standard pressure gauge, Double scale, Connection, rear, centr., G 1/4, Goods class 1.6, Measurement range 0 - 4 bar/58 psi, Ø 63

Bourdon-tube pressure gauge in standard design.

Suitable for gaseous or liquid media which do not corrode copper alloy,

do not have high viscosity and do not crystallise.

### Tehnične Specifikacije

|                                            |                                                                  |
|--------------------------------------------|------------------------------------------------------------------|
| Min. sobna temperatura [°C]                | -20                                                              |
| Min. temperatura medija [°C]               | -20                                                              |
| Material Prozessanschluss                  | Copper alloy                                                     |
| Merilni element                            | Copper alloy                                                     |
| Ohišje                                     | Plastic                                                          |
| Opis                                       | Pressure gauge Ø 63 mm, G 1/4 ET, 0 - 4 bar/58 psi rear, central |
| Položaj povezave                           | G 1/4                                                            |
| Povezava                                   | Transparent plastic                                              |
