## Stenski priključek z varnostno tipko I.D. 7.4

Kategorija: [Distributor socket with pushbutton-type safety coupling](#)

Šifra: **107577RIE**

### Kratek opis

End distributor socket, 3 safety couplings I.D. 7.4, input G1/2, Op. pressure max. 12 bar, temp. air -10°C to 50°C, temp. water 1°C to 50°C

2 or 3-way distributor sockets made of high-strength glass fibre-reinforced plastic (PA6 GF 30) for a wide range of applications. All distributor sockets have a durable brass threaded insert, whose shape secures it against rotation and against axial shift due to its shape. Drilling diagram dimensions are identical for all distributor sockets, so a simpler and more flexible exchange replacement. Caution: Note that the distributor sockets should not be installed in danger zones. Danger zones are, for example, transport routes, escape routes, etc.

### Tehnične Specifikacije

|                                                 |                                |
|-------------------------------------------------|--------------------------------|
| Min. delovna temperatura v zraku [°C]           | -10                            |
| Dovodni navoj                                   | G 1/2                          |
| Material navojev                                | Brass                          |
|                                                 | Glass fibre-reinforced plastic |
| Ohišje                                          | PA6 GF 30                      |
| Min. delovna temperatura v vodi [°C]            | 1                              |
| Spojka                                          | 3 x Safety coupling            |
| Max. moment privijanja - pritrdilne luknje [Nm] | 4                              |
| Max. moment privijanja - medeninasta nit [Nm]   | 12                             |
| Max. obratovalni tlak [bar]                     | 12                             |
| Max. delovna temperatura v vodi [°C]            | 50                             |
| Max. delovna temperatura v zraku [°C]           | 50                             |
| Višina [mm]                                     | 59.0                           |
| Premer [mm]                                     | 156.0                          |
