## Varnostni ventil z manometrom, G 1/4, 0.1 - 3 bar

Kategorija: [Pressure limiting valves](#)

Šifra: **101464RIE**

### Kratek opis

Pressure relief valve, incl. pressure gauge, G 1/4, Setting range 0.1 - 3 bar, Medium / ambient temp. max. 60 °C  
Manually adjustable overflow valves.  
For protecting pneumatic systems against damage caused by excess pressure.

### Tehnične Specifikacije

|                                   |                                  |
|-----------------------------------|----------------------------------|
| Membrane                          | NBR                              |
| Navoj                             | G 1/4                            |
| Ohišje                            | Die-cast zinc,<br>painted silver |
| Tesnilo                           | NBR                              |
| Vzmet pokrova motorja             | POM/brass                        |
| Min. prilagoditveno območje [bar] | 0.1                              |
| Max. območje nastavitve [bar]     | 3                                |
| Zaslona manometra max. [bar]      | 4                                |
| C [mm]                            | 10.0                             |
| A [mm]                            | 43.0                             |
| D [mm]                            | 60.0                             |
| Max. sobna temperatura [°C]       | 60                               |
| Max. temperatura medija [°C]      | 60                               |
| B [mm]                            | 70.0                             |
